The classes

The classes are conducted by our specially trained teachers, who all have an education in one or more languages from either a teacher's college or from a university. All our teachers use the same method combining audiolingual and communicative approaches to language, and they all follow a commonly developed fixed plan. The level is high and the progression is fast.

Pronunciation practice is a central component in our classes, in addition to which we of course also work with:

- free oral communication
- listening comprehension
- reading
- writing
- grammar

In the first modules we use English as a supporting language, later on we only speak Danish.

Materials

As an IA Intensive student you have a wide range of materials at your disposal free of charge:

- Books
- Films
- Pronunciation-cds
- Listening-cds
- IT-programs training different skills: listening, reading, writing, spelling, grammar and language functions

You can choose to work with the IT-programs at the school or take them home and install them on your own computer.

Individual needs

The vast array of electronic materials makes it possible for you to do focused work on your own.

Friday mornings we have a workshop, where all students (day + evening) are welcome. In the workshop, you get a chance to work under teacher supervision and to sign up for individual language counseling.

Class schedule

Day classes: 2 days per week: Monday + Wednesday **or** Tuesday + Thursday, 8:30-12:00. The Friday workshop 8:30-12:00 is compulsory for day I-, A- and K-students. (I-students are integration students, A-students are students in a jobcenter activation program, and K-students are students who receive “kontanthjælp” (public financial assistance)). The workshop is open to and highly recommended for all other students as well.

Evening classes: 2 days per week: Monday + Wednesday **or** Tuesday + Thursday, 17:30-21:00.

Class starts

We start new classes every four weeks, a total of eleven times per year. You can always find the next starting date and the vacation plan on our web site. We are open all year round. If you would like to sign up, you need to contact us a week or two before the starting date.

Price

The classes are free for the first 3 years, if you have a cpr number and a registered address in a Danish municipality. Some municipalities (among others Copenhagen and Frederiksberg) charge certain student types an administration fee. Please check the rules in your municipality.

If you do not (yet) have a cpr number: Call us to find out the price.
